

Club invention®

A program of Invent Now®

"From the first day of the program, my child came home inspired and full of questions. His whole outlook on science has changed. The other day, I heard him say to his sister, 'There's no such thing as failure, and there's more than one way to solve a problem.' I nearly fell on the floor. Thank you, Invent Now!"

– Club Invention Parent

INSPIRING CREATIVE GENIUS... ONE CHILD AT A TIME

This summer, Invent Now proudly presents the Club Invention program – a safe, innovative experience for children to extend school year learning through fun, hands-on activities that promote 21st century learning skills. This unique opportunity allows children to explore the unknown, tinker with ideas, and satisfy an innate sense of curiosity as they work in teams to solve real-world challenges and realize problem solving as a portal to discovery.

"The impact of programming of this caliber is threefold... children have fun learning 21st century life skills through STEM activities, educators receive quality professional development, and the district as a whole is invigorated..."

– Tim James, Superintendent
Orange Elementary School District, CT
Fourth-year Club Invention host district

The SPARK Program!

- The Curious Cypher Club™
- Bounce! An Atomic Journey™
- WILD: Wondrous Innovations and Living Designs™
- Game On: Power Play™
- I Can Invent: Edison's Workshop™

The CREATE Program!

- Problem Solving on Planet ZAK®
- Saving Sludge City™
- Imagination Point: Ride Physics™
- Game On: Power Play™
- I Can Invent: Edison's Workshop™

The INNOVATE Program!

- Hatched™
- Power'd™
- SMArt: Science, Math & Art™
- Game On: Power Play™
- I Can Invent: Edison's Workshop™

The DISCOVER Program!

- Viking Treasure Trek: The Quest Begins™
- Comic Book Science: FlyJack and Jill™
- Land Sled X-Treme™
- Game On: Power Play™
- I Can Invent: Edison's Workshop™

2011 CAMP INVENTION LOCATIONS

LOCATION:

La Vista Junior High

7900 Edgewood Blvd.

July 11 - 15, 2011 from 9:00am to 3:30pm

DIRECTOR:

Renae Kelly, HAL Facilitator

402.898.0436

rkelly@paplv.org

Each day, children entering grades one through six will participate in these five modules that are led by qualified local educators and full of hands-on activities.

This year's **NEW** SPARK program features:

The Curious Cypher Club™

Stop the mysterious messages being sent to the *Curious Cypher Club*! Build a clubhouse, crack puzzling codes, and discover why these messages are being sent!

Bounce! An Atomic Journey™

Bounce your way through atoms, molecules, mixtures, and compounds to discover the science behind balls, and create your very own bouncy ball to take home!

WILD: Wondrous Innovations and Living Designs™

How are cuttlefish, beetles, and geckos alike? Join us on a *WILD* animal adventure as we investigate the most innovative survival traits on the planet!

Game On: Power Play™

Practice teamwork, coordination, and creative problem-solving skills as we explore new games and add our own twist to create high-energy challenges!

I Can Invent: Edison's Workshop™

Using real tools, take apart a broken appliance and upcycle its gears and gadgets to create ball-rolling and Rube Goldberg-type machines!

BRING A FRIEND AND SAVE!

Register with a friend to each save \$25 off the base price and only pay \$190.
